ABOUT US

Who We Are

Alamait Private Limited is a full-service property management company delivering professional, technology-enabled real estate solutions across Zimbabwe. We operate across student accommodation, residential properties, and commercial office spaces, serving as a trusted partner for property owners, tenants, and institutional stakeholders across Harare and beyond.

Our approach combines experienced on-the-ground operations with a purpose-built digital management platform — enabling transparent financial control, responsive maintenance, and efficient tenant services at every property we manage. Through structured governance workflows and real-time reporting, Alamait empowers owners and management teams to maximise asset value while maintaining the highest standards of occupancy and tenant experience.

GOVERNANCE TIERS

— OUR JOURNEY

2021

The Concept

Alamait was conceived with a clear vision: to deliver Zimbabwe's most professional property management service, combining operational excellence with digital governance tools.

2022

Registration & Foundations

The company was officially registered under the Zimbabwe Companies Act and began building its operational framework, technology platform, and management team.

2023

First Managed Properties

Alamait took on its first managed properties and began delivering end-to-end services across Harare's residential and commercial property sectors.

2024

Portfolio Expansion

The managed portfolio grew to six properties spanning commercial offices, residential homes, and student accommodation — all under the Alamait platform.

2025

Scaling Forward

Alamait continues to grow its portfolio and refine its governance model, cementing its position as Zimbabwe's trusted property management partner.

OUR PURPOSE

Vision, Mission & Values

— OUR VISION

Zimbabwe's Most Trusted Property Brand

To be Zimbabwe's most trusted and efficient property management brand — setting the standard for professional real estate operations across student, residential, and commercial sectors.

— OUR MISSION

Protecting & Growing Property Value

To protect and grow client property value while ensuring excellent tenant experience through responsive service, operational discipline, and financial transparency that all stakeholders can count on.

TRANSPARENCY

Full visibility into all financial transactions, approvals, and operational decisions at every level of the organisation.

ACCOUNTABILITY

Role-based controls and audit trails ensuring every action is traceable, governed, and attributable.

EXCELLENCE

Premium service for tenants, students, and property owners — consistently and reliably delivered across all properties.

INNOVATION

Digital tools that streamline operations, reduce friction, and improve outcomes across all our managed properties.

INTEGRITY

Honest, ethical management of all properties, finances, and stakeholder relationships without compromise.

PARTNERSHIP

Collaborating with owners, tenants, and institutions to achieve shared goals and enduring results.

OUR PROPERTIES

Managed Portfolio

04

A diverse portfolio of professionally managed properties across Harare's most sought-after addresses — each operating under Alamait's full-service management model with transparent governance and technology-enabled reporting.

COMMERCIAL

GREENDALE OFFICES

Modern managed office environment with garden access, collaborative workspace, and wall-mounted AV — ideal for professional teams.

RESIDENTIAL

AVONDALE

Spacious low-density residence with established gardens, tile roofing, and generous outdoor entertaining areas in a quiet suburb.

RESIDENTIAL

BREACH

Well-maintained residential property set among mature trees with landscaped grounds and ample secure parking.

RESIDENTIAL

ST KILDA

Distinctive character property featuring a brick-paved driveway, palm-lined entrance, and charming architectural details.

RESIDENTIAL

NEWLANDS

Neat modern residence with steel-gate security, red roof profile, and well-kept front garden in a secure location.

ACCOMMODATION

BELVEDERE

Contemporary tiled-roof student accommodation with paved access, lush lawn, and secure sliding gate for residents.

WHAT WE DO

Service Portfolio

A comprehensive suite covering every aspect of property management — from leasing and occupancy to financial governance and stakeholder reporting.

A

Student Accommodation

- Managed student residences with structured room allocation
- Student onboarding, occupancy coordination & lease administration
- Dedicated student request and support channels

B

Residential Management

- End-to-end tenant onboarding and lease administration
- Rent collection, payment tracking & arrears management
- Maintenance ticket handling with priority tracking
- Property operations oversight and performance reporting
- Vacancy management and tenant retention strategies

C

Commercial & Office Spaces

- Commercial and office space listings and active marketing
- Tenant coordination and relationship management
- Facility maintenance and service request tracking
- Operational compliance and space performance reporting

D

Financial Management

- Debtors and receivables monitoring with real-time visibility
- Invoice generation, payment processing & reconciliation
- Cash flow, trial balance, income statement & balance sheet
- Double-entry transaction recording with full audit trails
- Reporting by period, residence and account classification

OUR EDGE

Why Partner With Alamait

End-to-End Management

From leasing and occupancy to maintenance, finance, and reporting — all under one trusted brand with no gaps.

Financial Transparency

Double-entry accounting with approval-linked posting and real-time reporting for confident decision making.

Structured Governance

Role-based workflows ensure every request, approval, and transaction is traceable and fully compliant.

Technology-Enabled

A purpose-built platform standardising operations and improving efficiency across all property types managed.

Student Expertise

Deep understanding of student housing economics, community management, and institutional stakeholder needs.

Scalable Model

Systems designed to scale across multiple residences and property types without compromising service quality.

HOW WE WORK

Operating Model & Governance

CEO	Final oversight & approval for high-value or strategic workflows
FINANCE	Amount validation, approvals, payment processing & ledger management
ADMIN	Request intake, operational oversight & preliminary approvals
PROP. MGR	Day-to-day property operations and maintenance coordination
TENANT	Request submission, payments and service communication
